

Biofiltration

Commercial UV Sterilisers

Manufactured in the UK for over 40 years - the original modular, multi-lamp UV steriliser trusted by professionals across the globe. Constructed from an exclusively formulated high UV stabilised compound, designed for its ultra-low toxicity.

Available separately

UV Bypass

- Individually chambered lamps guarantee short depth of UV penetration for optimum sterilisation.
- Fused quartz glass sleeves offering excellent UV transmittance, as well as ensuring that the lamps can reach their optimum 'burn temperature' for maximum UVc production.
- Control gear linked together with IP67 connectors for simple maintenance.
- Translucent lamp caps allow for easy visual verification that lamps are operational.
- Utilises high quality 55W UV lamps, with 8,000hr life expectancy.
- Less than 2psi pressure drop.
- Available in both floor and wall-mounted versions.

Commercial UV Sterilisers

Code	Product	Total number of 55w lamps	Total UVc radiation @ 253.7nm [W]	Current [A]	Inlet/outlet size	Max. flow rate at application level 3		Max re-circ system volume based on 4x/hr turnover at application level 3 [l]	Dimensions l x h x d (mm)	Shipping weight [kg]
